**RE: Plentywater Creek Project: Forest Management Actions: Commercial Thinning;
Regeneration Harvest; Riparian Reserve Density Management**

Environmental Assessment Number OR-086-01-01

Dear Interested Public:

I have enclosed two documents concerning the above referenced project.

In accordance with Forest Management Regulations at 43 CFR 5003.2, the decision for the forest management projects will not become effective or open to formal protest until the Notice of Sale is published "in a newspaper of general circulation in the area where the lands affected by the decision are located." Refer to page 18 of the Final Decision Documentation and Finding of No Significant Impact for detailed information concerning the Bureau's administrative review process for timber sales. The decision regarding Plentywater Creek Project: Watershed Restoration Projects will be issued by early September, 2002.

If you have questions or want additional information, contact David Roché, Plentywater Creek Project Interdisciplinary Team Leader, at the above address or telephone (503) 815-1100.

Sincerely,

Dana R. Shuford
Field Manager
